Bedrooms at home - be it the master room or other rooms it should be a place for you to unwind, relax and get much needed shut-eye moments. A good **outdoor deck** for the balcony or swimming pool should be resistant to hard knocks, decay and be 100% slip-resistant to avert accidents. Don't ignore the flooring just before you step onto the balcony or outdoor deck- this type of flooring material is easy-to-install, highly durable, easy to maintain and has a self-clicking installation.

Why not add **carpet rugs** to soften the look with an option to customise the size and materials right down to finest details? Indulge in high-quality **shield leathers** for your outdoor furniture's **upholstery** as these are highly durable to take on the elements while being eco-friendly. If you need to relax in the living area but would still like to enjoy the outside view, then glass films can be applied on sliding glass doors.
