COMMERCIAL | HOSPITALITY | RESIDENTIAL |  
CRUISE & YACHT INTERIOR

# OPERA IV

Handcrafted wallcovering

## **PHYSICAL PROPERTIES**

Roll Size:

Bolt supplied in linear meters up to a maximum of 3 linear meters (custom size upon request).

Minimum order 1 linear meter for the bath color homogeneity.

Backing:

Non-woven or thermo-acoustic insulation.

## **FIRE SAFETY**

- Class "A" fire rated - tested in accordance with USA ASTM E-84/Europe BS1 D0-M1.
- Class "A" fire rated - tested in accordance with IMO cruise & yacht interior.

## **CLEANING/MAINTENANCE**

Gently washed. We recommend only the use of a mild soap solution for cleaning these products. If stronger cleaning is required, first evaluate the cleaner in an inconspicuous location.

## **ECOFRIENDLY/PVC free**

The paper types used for all collections are 100% "non-woven fabrics" with special cellulose and fiber compound textiles, which are entirely PVC-free and contain no solvents or vinyl adhesives. The designs printed on the paper meet green standards too because they are produced using natural rubber inks that are absolutely non-toxic and environmentally friendly as they are water-based.

## **COLOR CONFORMITY/TOLERANCE**

La Scala Milano Wallcovering works to produce a unique handcrafted wallcovering made in our atelier based on customer's request, therefore any differences in color or proportions express the specific nature of the processing and fall within the normal tolerance of the product category. The coloring and rendering of the images resulting from La Scala Milano Wallcovering promotional channels are indicative, as they cannot reproduce the final surface, environment, and brightness conditions of the product when used by the customer.

## **ORIGIN**

Italy.
